

'66 CLASS PRESIDENT'S EMAIL TO THE CLASS 26 Feb 2026

Greetings Classmates!

I am writing this in the middle of the old dark ages we all suffered through as Mids. Here in Annapolis as well as rest of Northeast, we have lots of snow, wind, and cold. Actually quite miserable so all you guys down South and out West can celebrate a bit. We are trying to drink through it here. Cheers!

This is just a quick email to remind everyone to seriously consider signing up for our upcoming 60th Reunion in October. It's gonna be special and being able to watch the Air Force game in the warm fun N-Room will allow everyone to circulate and catch up even more after a great dinner the night before. We all hope to have many more opportunities to see each other in future years but probably in smaller events like Florida Come Arounds and Navy game tailgates. As we all age, these events become even more special. AND to all our Classmates who work behind the scenes to make all these events come together, a big BZ and thank you!

Finally, along those lines, we just announced our Annapolis Spring luncheon scheduled for **March 11th at the Fleet Reserve Club**. We have gotten Jeff Webb, President of the USNA Alumni Assn to be our speaker. He is a great guy and I am sure his presentation will be informative with some real opportunities to ask questions and simply interact with him. So for all our locals, please consider coming and bring spouses or other special guests like our great SOS ladies and friends!

OK, enough for now guys! Stay warm, safe and healthy and can't wait to see you again!

Jim
